Reasons why you should attend the District Convention

1. Bring your families and friends to the district convention so they can enjoy the service, knowledge and fellowship of Civitan and learn what excites you so much about building good citizenship through Civitan.
2. The district convention is for every Civitan and not just club presidents and district officers. Attending will help you address the tough challenges your club has in recruiting new members, finding new ways to help those who need our help and building good citizenship and fellowship.
